

7th

SCT2025

7th International Conference on
Steels in Cars and Trucks

Steels in Cars and Trucks
June 2 – 6, 2025
Mainz, Germany
www.SCT-2025.com

Call for Papers

SCT 2025 – the international networking conference on steels in cars and trucks will take place in June 2025!

With the “Software Defined Vehicle”, the strategic focus in vehicle development is increasingly shifting from hardware to software. Nevertheless, the body, chassis and drive train remain key assemblies in which steel is used due to its optimum property profile. However, increasing demands on safety, performance, weight, costs and, more than ever, sustainability pose enormous challenges for OEMs and suppliers.

With around 400 participants and 150 specialist presentations, SCT 2025 is the most important international conference on new steels, processing technologies and system solutions in automotive and commercial vehicle construction. The conference brings together the automotive, supplier and steel industries, underlining the importance of partnerships along the entire value chain to meet the challenges and drive the technological transformation forward together.

Help shape SCT 2025 and participate with a presentation!

Conference Topics

Conference topics will include:

- › Steel Components in Cars and Trucks
- › Manufacturing of Components
- › New High Performance Steels
- › Lightweight Design
- › E-mobility with Components Made of Steel
- › Green Steel
- › Modelling, Simulation and Testing
- › Recycling and Repair

Submission of Papers

All paper proposals must be submitted online. Please visit: <https://www.sct-2025.com/> and go to the Call for Papers section. There you will find an easy-to-use online submission form. Your abstract can be a maximum of 300 words. Please note that papers will only be accepted online.

Paper Proposal Submission

To submit an abstract, please proceed as follows:

- › Write your abstract (max. 300 words).
- › Submit your abstract online at: <https://www.sct-2025.com/>
 - › Call for Papers section (please completely fill out all fields).
- › Papers must be submitted in English.
- › All papers must focus on newest technologies and best practices

Important Dates

30 November 2024	Abstract submission deadline
January 2025	Program Committee evaluates abstracts
February 2025	Feedback to paper authors with guidelines
1 May 2025	Full paper submission deadline.
20 May 2025	PowerPoint presentation slides deadline
2–6 June 2025	SCT 2025

Preliminary Timetable

Monday 2	Early congress registration Get-Together
Tuesday 3	Welcome Keynotes Technical Sessions

Wednesday 4	Technical Sessions Conference Dinner
Thursday 5	Technical Sessions
Friday 6	Plant visit

Venue

Rheingoldhalle Mainz
Rheinstraße 66, 55116 Mainz
